

## Purple America Interview Sheet

After watching one of the videos at [www.purpleamerica.us](http://www.purpleamerica.us) with a parent, grandparent, or other adult use the following questions to interview that person.

What does America stand for?

What are the values that connect us as Americans?

Do you think Americans practice these values?

Do you think it is possible as Americans to bridge our differences?

Do you think we take our country for granted?

---

**Purple America is a grassroots movement to help America rediscover its shared values.**
